

Let's Go on a Moon Watch!

Observe the shape of the moon for a month.

Record your observations by drawing what the moon looks like each night.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

A Closer Look!

Let's take a closer look at the data you have collected about the moon during one month!

Draw what the moon looked like when you began your observations.

Draw what the moon looked like after 30 days.

Describe exactly how the moon changed during the month.
