3 & 4 Letter Word Families Curriculum Map

Twenty-four-word families featuring 3 and 4 letter word families for each of the 5 vowels. There are twenty-one lessons for 3 letter word families and three lessons for 4 letter word families.

Students will become familiar with the rhyming words in each word family by completing the worksheets that focus on printing the sound block and using picture cues to write the letter pattern. A reinforcement activity will check their knowledge of the sound block and their ability to decode words. The exercises will also strengthen reading, writing, and spelling skills. For each family, three parallel activities are included.

Students become familiar with the rhyming words in the family on the first page by completing and printing the sound block letters. They will recognize the part-to-whole approach by printing the letters that represent the sound block. The second page enables students to make a visual connection between picture cues and the words formed. The third page has a variety of exercises to complete to reinforce knowledge of letter patterns and sound blocks.

Introduction:

- At A Glance – List of Learning Expectations
- Teaching Suggestions
- Word Family Assessment Rubric
- Student Rubric: Tracking Form
- Vocabulary Lists: 3 & 4 Letter Word Families

Worksheets for the following word families:
